

Preventing
Violence
Against Children
and Youth

HELP CHILDREN AGED 5–9 TO BE SAFE!

Course Overview

The purpose of the *Be Safe! Overview for Administrators* course is to provide administrators with high-level information for a successful “whole-school” launch of Be Safe! in their own school or community.

Who Should Take the Course?

School administrators, school district administrators and program administrators

Be Safe! Overview for Administrators

Course Objectives

Upon completion of the *Be Safe! Overview for Administrators* course, participants will be able to identify the goal, key messages and approach of the Be Safe! program, understand how to use Be Safe! as part of a successful, whole-school approach to prevent violence against children, identify the steps to handling a disclosure of abuse, and access tools that support the creation of a safer environment for all.

This course briefly covers 10 topics:

1. What is the Be Safe! Program?
2. What Children Learn through Be Safe!
3. How Be Safe! Works
4. Be Safe!’s New Features
5. Be Safe! Teaching Tools
6. Be Safe! Training for Educators on Using the Kit Effectively
7. Social Emotional Learning
8. Handling a Disclosure of Abuse
9. Implementation Strategies for a Successful Whole-School Approach to Personal Safety for Children Aged 5–9
10. Further Resources for School/District Management Teams

Materials

All supplementary learning materials are provided as PDF downloads or links within the online course. Be Safe! kits and additional materials can be purchased at shop.redcross.ca/besafe.

Evaluation Process

None

Course Duration

This short online course is self-paced. On average, the course will take about 15 minutes to complete.
